TIMBERNECK FARMS INFORMATIONAL MEETING

An informational meeting and formal presentation will be conducted on Wednesday, June 6, 2018 beginning at 7 p.m. in the T.C. Walker Education Center auditorium on the future of Timberneck Farms. The presentation will provide information about the future plans for the Timberneck Farms property from the current landowner, The Conservation Fund, and members of the master planning team.

The property was purchased in connection with the Surry-Skiffes Creek-Whealton Memorandum of Agreement, with funding provided for land acquisition and visitor interpretation facilities associated with Werowocomoco. The Timberneck Farms property, contemplated to serve as the Gateway to Werowocomoco, consists of a 644 acre parcel along the York River in Gloucester County. If approved by the General Assembly, the property is expected to undergo initial infrastructure improvements including picnic shelters, boat ramps, an overnight camping facility, and an open-air education center. The property will ultimately become a park that is managed by the Virginia Department of Conservation and Recreation.

The public is invited to attend to learn more about the planned future for Timberneck and share insights, ideas and knowledge on the property.
