### RECYCLING LIVE CHRISTMAS TREES AVAILABLE AT GLOUCESTER CONVENIENCE CENTERS

Following the holiday season, Gloucester County residents may recycle live Christmas trees at all Waste Management convenience centers as well as the Middle Peninsula Landfill and Recycling Center. Trees to be disposed of should have lights and decorations removed.

Discarded live trees should be placed in the containers designated for "brush". The trees will later be ground into mulch.

The collection period for live trees runs from December 26, 2017 until February 28, 2018.

Residents should note that Waste Management convenience centers will be closed on Christmas Day and New Year's Day. Convenience Centers for trash disposal and recycling are located in Hayes at 7599 Guinea Road; Court House area at 6550 Beehive Drive; Dutton at 10430 Burke's Pond Road, and Belroi at 5122 Hickory Fork Road. The Middle Peninsula Landfill and Recycling Center is located at 3714 Waste Management Way.
