ALTEMUS TO HOLD TOWN MEETING Reassessment Main Topic

Teresa Altemus, Gloucester Board of Supervisor's York District Representative, will conduct a town meeting on **Tuesday, October 13th** beginning at **7 p.m.** at **Achilles Elementary School** to review and discuss the county's reassessment process. Property owners should have received their official *Notice of Real Estate Assessment Change* which declares the reassessed value of real estate and property improvements. This meeting is not intended to review or discuss individual concerns or specific reassessment values of property owners but is intended to provide a general overview of the reassessment process and valuation methods. Property owners who feel their reassessed value is incorrect or believe their property has not been properly valued may request a departmental review by completing an *Assessment Review Application* which will allow for more individualized attention.

County staff will join Ms. Altemus to present information and address any questions or concerns about the reassessment process. Interested citizens are invited to attend the town meeting to share their comments, concerns, or questions about the reassessment process and any other issues or concern of importance to them. For general information about the meeting, please contact the Gloucester Department of Community Education at 693-5730.
