“A DAY FOR JARRETT” PLAYGROUND IS ON THE WAY!

The old playground at the Fary’s Mill Entrance to Beaverdam Park has been removed in preparation for the new, universally designed and accessible playground. Installation is set for the beginning of May, weather permitting. The new playground will be fully accessible for children of all ability levels. If you are interested in volunteering with the installation of the new playground, please call Carol Steele at 693-2355.
