Online Real Estate Inquiry Tool Now Available

Gloucester County Treasurer Tara Thomas recently announced that the Treasurer's Office has launched an online tool for members of the public to access Real Estate Tax information without having to contact the office.

According to Thomas, online access was taken down a few years back because of the transition to new tax and receipting software. This has meant that anyone needing tax information for a parcel, including title checkers, attorneys, and mortgage companies – or anyone just wanting to research the publicly-available information on a parcel – has had to call or e-mail the Treasurer's Office for the information.

"We are so pleased to be able to offer online access to Real Estate Tax information again," Thomas said. "It has been problematic in a number of ways, such as limiting access for those needing to verify tax information for a real estate closing. Additionally, it has created an overload of emails and telephone calls, making it difficult for the regular citizen to reach our office during business hours. My team is looking forward to the opportunities the new system will offer to provide an even higher level of customer service to our citizens."

To access the online tool, visit www.gloucesterva.info/314/Treasurers-Office. Users can search via Parcel ID, Owner Name, or Parcel Address. For more information, contact the Treasurer's Office at 804-693-2141 or treasurer@gloucesterva.info.
