

ARE YOU WAITING IN LINE? Know your options...

Now until Friday, Oct. 23rd:

No Lines, vote from the safety of your home and return your ballot 3 different ways:

- 1) Mail it back to our office
- 2) Bring it back to our office
- 3) Drop it off in our New Drive-through Ballot Drop Box safely & securely located directly behind our office and under 24 hour surveillance.

Reminder: We have a Central Absentee Precinct that counts all our Absentee and Early Ballots on Election Day, so your Votes Counts!

Begins Friday, Sept. 18th – Saturday, Oct 31st:

This option is open to all 28,000 + registered voters in the county, so the line can be long. We have a new space that will allow the line to safely come into our check-in area and exit from the voting room, but it is open to all voters at one location.

Tuesday, Nov. 3rd, 2020:

This option is open to only the registered voters at that precinct (which range from 1,300 – 3,500). You can safely cast your ballot at your precinct which is separated out over the county into 11 locations, according to where you live.
